(1). As the Sub-Dn officer is the President of the Municipalities in this Sub-Dn, separate Municipal Budgets are received for the Sub-Dn. the medium of Commu between the Press and Government.

(2) The actual realizat from House tax in 1898-99 and 1899-1900 in Mandya was Rs 226 & 459, while the estimate sanctioned for 1900 was Rs 380 of Rs 5 less than the estimate proposed for the current year.

The no of houses in the smallest 3 towns of the Sub-Dn with estimated revenue are given below:-

| | No of houses as per last census of 1899-1900 | Estimated House tax |

| 1 Mandya | No of houses 419 | 385 |
| 2. Palahalli | 401 | 400 |
| 3 Hukkeri | 394 | 409 |

From the above it will be seen that the taxation in house appears to be less in Mandya than in the other two towns

The Sub Division of French Rocks as a separate Local Fund Circle

On a reference made by the Dy Comr of Mysore for raising the salary of the L. F Clerk in the French Rocks Sub. Division office, the question of the maintenance of the ~~French~~ Sub Division of French Rocks is raised

In 1883, the

Accordingly separate D 7 budget is used to be prepared for the French Rocks Sub-division and budgets of the several units in the sub division are being received in this office with a separate reference through the D7 Com, Accounts however were not separately but being submitted with those of the Ellycone District proper In para 33 of Govt Pro dated 6th October 1891 do 7645.56/2622, a separate administration report was ordered to be submitted for the Sub division Thus separate budgets and accounts as well as reports are now submitted by the French Rocks Sub Division both as regards municipal and D. Explanatory memo on the Budget estimates of the Municipalities of the FrenchRocks circle for the year 1901-1902

## Receipts

These are based upon the average actuals of the past 2 years (1898-99 & 1899-1900) and also with reference to the actuals of the 1st half and probable collections of the second half of the current year

I Octroi. This is collected only in the Seringapatam Municipality and the total receipts under this item are estimated to be Rupees 4020 against Rupees 4050 for the current year The decrease is chiefly noticeable under cocoanuts & jaggery attributable to the less quantity of importation of these goods.

VIII Lighting. As there are at present only 4 lamp posts and lanterns in Palahalli Municipality and they are found insufficient for the purpose, Rs 120 has been provided for a fresh supply of 6 more.

VIII Public works. Provision has been made under this head with due regard to the extent of funds available in each municipality, and the details of works are given in Budget Form no. II for the several Municipalities Rupees 2000 and 350 are entered under compensation in the Municipalities of Seringapatam and Naganangala respectively, for payments to the owners of houses to be acquired to widen certain congested parts.

XI Miscellaneous The sums provided under (h) other items in all the Municipalities, are required for unforseen expenditure.

Balance. Even after curtailing the expenditure to the lowest possible limits, the closing balances of Krishna-rajapett, Mandya and Maddur are far below the minimum prescribed by Government. Every endeavour will be made to effect savings under each sanctioned item to bring the balance of these Municipalities, to the required minimum.

2. *II. Tax on Houses and VII. Mohatarfa.*—The large decrease under these heads in the budget of Seringapatam is stated to be "due to the slow progress of the collection of arrears of past years, owing to disputes and to the absence from the place of some of the defaulters." This is not creditable to the officials responsible for this work, and the President should take measures to ensure prompt collection and submit a report of the result to Government at the end of three months. It should also be explained under what circumstances a sum of Rs. 14 has been entered in the budget of Melkote as the estimated revenue from loom tax, which was abolished in Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897. Pending explanation the provision has been struck out.

3. *Opening Balance.*—In lieu of the estimates proposed under this head, the sums specified in column 3 of the marginally noted statement will be adopted as the correct balance in the present budgets.

4. *III. Collection, (a) Octroi.*—The provision made for temporary establishments for five months in the hot weather as sanctioned in Proceedings No. 14488-9—L. F. 157-92, dated 1st March 1894, for the collection of Octroi duties and prevention of smuggling when the Cauvery is fordable, will be retained, subject to the submission of explanation as to whether the continuance of the same is still necessary.

5. *IV Conservancy and VII. Lighting.*—The provisions of Rs. 90 and Rs. 120 made in the budgets of French Rocks and Palhalli for the purchase, respectively, of dust-bins and lamp-posts, are passed.

6. *VIII. Public Works, (a) Supervision.*—The designation of the official for whose pay a provision of Rs. 240 has been made under this head in the budget of Seringapatam, should have been stated. The omission should now be supplied. Pending information, however, the provision will be allowed to stand.

7. The other items call for no remarks and are passed.

8. The budget estimates of Receipts and Expenditure for 1901-1902, are sanctioned as shown in the accompanying statements, particulars of which are appended:—

9. The Government regret to observe that the budget statements have not been correctly prepared. In some cases the difference between the sanctioned estimate for 1900-1901, and the actuals of the first half of the year is shown in column 4 of Statement No. I as the probable collection of the second half of the same year, instead of the actuals of the second half of 1899-1900. The details of provision under "VIII. Public Works, (a) Supervision" ought not to have been shown in Statement No. II, but should be given in Statement No. III.

10. The attention of the President is drawn to the clear instructions contained in Official Memo No. 6861-70—157, dated 8th December 1869. He is requested to see that the statements are correctly prepared and submitted to Government. Moreover, certain statements which were not prescribed by Government and which serve no useful purpose have been submitted. They are herewith returned with an observation that their submission should be discontinued in future.

Order thereon - No 14990-I
L.717-1901 17/11/03

The excess expenditure referred to in the above is understood to have been included in the accounts of the Comptroller for 1901 1902 and is sanctioned, with the observation that the practice of incurring excess expenditure without the previous sanction of Govt is highly irregular and should be scrupulously avoided in future
